VITA & SKILLS

Education	Mechanical engineering with recesses measurement, control, regulation and construction	TU Stuttgart + Ruhr-Universität Bochum (RUB)
	Economics	
Scientific work	Research Assistant at the Institute of Functional Morphology Prof. Holger Preuschoft, RUB Bochum, Position: Technical Project Manager Research Group, doctoral thesis	
Professional practice	Long-term entrepreneurial and corporate activity Working as consultant	
Experience in legal areas	Tax law, corporate law, contract law, social law, real estate ownership (WEG)	Incl. Supervising accounting + tax declarations, draft agreements, balance sheets, monitoring of disputes etc.
Languages	German, English	
Current focus	Consulting in technical themes ➢ Analysis and IT support for work processes, profitability calculations ➢ Process optimization of production with a focus on minimizing energy consumption ➢ IT-Security	The calculation of the profitability of any measure is always the central focus. It serves above all the long-term location maintenance or allows expansion.

COACHING + TRAINING :

Lectures and publications	➢ Design of information flows within the company ➢ Properly delegate - easy! ➢ Stressless Leadership ➢ Workflows recognize, define, and review WorstCase scenarios # ➢ Internal data storage versus cloud solution / costs in the IT ➢ Energy saving in the production process

MILESTONES & SKILLS :

Several patents	Messtechnik, auch in Anwendung am menschlichen Patienten Measurement technology, also in application on human patients
China 2010	Negotiation as a German delegation participant for the planned largest European trading center; personal LOI for facility management and communication facilities

IT SINCE 1990

Basics IT • **Operating systems + networks** • **Terminalserver** • **RDP-Applikations** • **MS-Office-based working environments** • **AS400-Hybrid-World** • **WEB-Hybrid-World**	**networks** Especially MS systems, routers / firewalls specifically IPCOP (Linux), administration MS operating systems, Active Dir management; Domain management, desktop administration terminal server since NT 4.0, domain administration with logging scripting, Hardware implementation including network devices, (printers, scanners, etc.), implementation / porting of workstations, working with system partitions / conversion / expansion, configuration of servers according to specifications, MS-Office installations	**Linux**: Installation of different distributions Server virtualisation under SUSE **VMWARE**: Server virtualization under VMWARE (**vsphere** / ESXI) (MS-Server, Firewall, WEB-Server, Email-Server) **networks (IT+TK)**: Planning and commissioning Monitoring, acceptance; Commissioning VPN integration / realization **Email**: TOBIT / DAVID-Administration **IBM AS400** :Connect to MS-networks, programming
Developement IT • **Workflow Analysis** • **Elaboration of solutions** • **Complex databases** • **Specifications for programming** • **Staff trainings** • **Team management**	**databases** : Many years of experience with MS ACCESS + MS SQL Server ➢ Analysis of tasks (customer requirements, customer requirements) ➢ Implementation in solution concepts, direct specifications for programming (LAN + WEB) **Planning and implementation:** ➢ Workflow solutions ➢ Hybrid database systems (WEB-Frontend + LAN-Frontend) ➢ Design and production of a powerful CMS system with integrated document management (all formats) ➢ Email-free internal communication structuresSEPA-Modul ➢ Installation, training, IT consulting / software selection / solution concepts	

OPERATIONAL ORGANIZATION AND WORKFLOWS IN MANAGEMENT

Real Estate Management	➢ Many years of experience as managing director with responsibility and responsibility for all areas ➢ Organization of internal and external work processes; Illustration of the complexity of real estate management in process structures and solutions; Eg the integration of external service providers (caretakers, other suppliers) into the management process ➢ Structuring and organization of the internal dissemination of information in the sense of economically optimized operation management ➢ Litigation, working as an attorney, providing assistance to the lawyer and the courts; Conduct of the owner's meetings, etc. ➢ Training, personnel training

PERSONAL DATA

Christof Ulrich Kaufmann	geb. am 11.12.1959 in Stuttgart, Nationalität Deutsch born 59/12/11 in Stuttgart, Nationality German Sport: Ski, Fahrrad, Bergwandern, Segeln Sports: skiing, biking, mountain tours, sailing Armee: Grundwehrdienst als Sportsoldat / basic service
